"I AM" SCHOOL GRADUATION

Beloved Ascended Master Youth of America, Students and Friends who are here, I call the Eternal Blessings of Light, the Perfection of Life, to enfold these Beloved Students. May that Glory, that memory—under the Activity of the "I AM" in their school work—remain each day, increasing in Its Mighty Power to carry them forward in all outer activity in the Victory and through the Power of the Light, the Light of their own "Mighty I AM Presence." I offer My Blessings upon them to enfold them forever as they go forward in the Service

of the Light, in the service of Life, in the service of their fellowman. May the Fullness of that Glory and Light which knows no limit go before and make happy, harmonious, successful, and prosperous their way.

And may each one of you accept that Blessing tonight as you go forward, for are you not all Children of the Light? Age makes no difference, Beloved Ones. In Our Octave there is no such thing as age, and in the Glory of this Enfolding Presence will you, please, while you are standing, take just a few moments and accept My Mantle of Light enfolding you, that Its Radiance, Its Substance may enfold you and hold My Ray of Light steady in Its Ever-increasing Power to bless you in your onward journey upward into the Freedom of the Ascension, forever Free in the Glory of Life. I thank you.

I congratulate our Beloved Donna and David Lucas in the achievement and glory of this night. And you who are observing the Ever-increasing Perfection which they are manifesting—one day the Schools of the "I AM" will fill America. Then will come that Peace on Earth that passeth understanding. Then will come the Glory of the Golden Age, this time amplified by the Crystal Activity of Light such as no humanity have ever known upon this Earth. *May the Calls that have gone forth, and may the Call from the Hearts of the people of America draw forth that Almighty Activity and Power of the Cosmic Light that the Goddess of Liberty has brought to your attention, and the Mighty Arcturus—that Light not only as of a Thousand, but as Ten-thousand Suns, if required, to dissolve and consume all human selfishness and discord and viciousness from the planet, that from every human being may be taken the desire of the warrior.*

Think of it! Do you wonder today, Beloved Children of the Light, that the warrior spirit still dwells in the breast

© 2002 Saint Germain Foundation

of man through the power of that which has been charged into the feeling world? It does not belong to the Heart, but it sometimes seems to manifest from there. Yet it does not. It but manifests from the Heart, within the feeling world, the centralized focus of that power generated and charged through the ages.

May I remind you tonight how, in those ancient times, the youth were caused to be made powerful warriors. The mother, from conception, was charged by the authorities of that nation to call forth the mighty spirit of the warrior to take command of those incoming bodies, that they become the supremacy through that nation. Many times have I seen those nations rise. Many times have I seen them fall. Many times, Beloved Students of the Light, have I assisted in bringing those civilizations to that great height; then because mankind would not continue to hold that glorious Obedience to Purity and Light, the disintegration began. Then after a time, the great Light and Perfection which they had known was again forgotten.

This time, Beloved Students of the Light, your Presence of Life shall never be forgotten again throughout Eternity; and you who must reembody again will still retain the memory. And you who make the Ascension from this embodiment will be glorified indeed. The Opportunity, the Authority, the Power is yours, Beloved Ones, in this Almighty Understanding of the "Mighty I AM" and the Assistance you receive from the Ascended Masters, the Cosmic Beings, and the Cosmic Light.

Beloved Ones, We are Real! These Messengers before you are the most Sacred Beings in America today. May every Student—and I observe that through your great, loyal Hearts, the hundreds of thousands of people in America are realizing

that they have served in a most unselfish manner ever known upon this Earth. Therefore, they are the Representatives of the Light. They are living the Life. They are free in the Power and the Glory of that Light, that when their Service is finished, when they choose to come to Us, quickly shall it be done.

And I say to you, Friends and Students of Los Angeles and those who are visiting here, unhappy and unfortunate indeed are those who have tried to besmirch their character and stop this Light. How they will cry out in agony because they have closed the door to their Light. These Messengers will go on and on and on. This Light will go on and on and on, and you will observe in the coming Class in the Shrine Auditorium so much which you have longed to see. There will you feel the Glory as never before of Our Presence. There will you feel as never before Our Reality.

And your Beloved Saint Germain, how great a Friend you have, how mighty a Friend you have in Him! Only in time to come when the great viciousness and destructive forces from the generation of mankind shall have been completely dissolved, will the intellect of mankind awaken enough to observe, to be, and to feel and to know the Perfection of Life and all that your Beloved Saint Germain and the Messengers have meant to you and the world.

There are a few things I must take up with you tonight in the Protection of the blessed Students everywhere. Please, Beloved Ones, do not decree until you are exhausted. I am speaking of the individual now, not of the Service which your Groups wish to render. A few short, fiery Decrees will do more than hours of Decrees in which you become exhausted. Remember this. And Blessed Ones, in the reference to the Mighty Service of the "Call to Light,"

© 2002 Saint Germain Foundation

please do not sing It all day. When you sing It, sing It with the full power of your feeling; then go on about your outer services.

You who are serving in the outer world, whether in business offices, whether in department stores, or in whatever service you may be rendering, remember, you are a Pillar of Light in that place. Serve to the best of your ability until your "Mighty I AM Presence" places you elsewhere. Remember, it is important for everyone to serve the Light, but not just in the capacity of outward Service of the Light; for wherever your service is, there you should be a mighty Power of the Light carrying into the world of industry, into the world of business activity, the Glory of this Light.

You do not yet see, but We see how many of the fine, magnificent businessmen and women of America are studying these Laws, are reading these Magazines and Books, and are preparing themselves—when one day they will come forth, and the outer world will know where they stand. Many have been watching the Messengers to see whether they could be tempted by wealth, to see whether they could be changed. And while some unfortunate beings have spread the thought and feeling that these Messengers have changed, they have not changed from the beginning and never will. They are the same humble, truthful, blessed beings which they have ever been and will always remain. They care not for the wealth of the world. They know they have all.

And since those who have accused them of becoming commercial listen to My Words: they have given, in 1938, fifty thousand dollars from their own pockets to carry this Light, and the following year will probably double it. Then how can any even vicious human being utter such falsehood as to think or say that they have become commercial in the

© 2002 Saint Germain Foundation

carrying of this Great Light? May shame cover such beings forever. We love these Messengers and We shall always protect them from the viciousness of mankind. And Beloved Students, We stand ready to protect you, to direct you in your Call to your "Mighty I AM Presence" to the fullest of Its Infinite Glory and Power brought into manifestation here. Only as you will refuse to listen and enter into gossip and discord of the outer world may you have quickly—through your Call to the "Presence" and Our Assistance—that Glory which will quickly set you Free.

One letter has said to the Messenger: "The Students are not to blame if they cannot apply this Law." Well, who is? Allow Me to assert to you definitely: these Laws are so simple, so powerful that there is not one human being in this world that cannot apply them successfully if they will determine to do it. Do not ever let a Student say again, "I cannot apply the Law successfully." I tell you, there is not one who cannot; but if you give more attention to the outer world and its discord than you do to your Presence of Life, how can you blame Life if It does not answer your Call?

Beloved Ones, you are the Victory of the Light if you will accept It and act It and be It. But you cannot do it with divided attention. You cannot do it, Beloved Ones, if secretly in your desires you are wasting your life through a dozen avenues—through criticism, discord, hatred, anger, sex activity, or whatever it may be. If you are wasting that life which must be turned into its Great Source to draw forth the Great Powers of Light and Love to give you your Freedom, can you blame anyone but yourself?

The Instruction of Life, the mightiest ever known, is before you; and I say to you, Beloved Ones of the Light, oh! that you would read, read, and read those Books. Some

© 2002 Saint Germain Foundation

will say, "Oh, I have read them twenty times!" But to read them twenty times with a Feeling of the Power of Light and Command would set you Free. Then I say to you with Authority, you have looked them over, but you have not read them with an Understanding Heart. Why? Because you have allowed the forces of the world of mankind to interfere with the clearness of your perception, the clearness of your comprehension. Therefore, try again.

My Dear Ones, will you try this? It is not asking much. Will you read either in the *Ascended Master Discourses*, the *Ascended Master Light*, or *The "I AM" Discourses*, one chapter a day, *first asking your "Mighty I AM Presence" to give you the clear Perception, the clear Comprehension of the underlying Power of these Words. Then call to some one of Us—whom you feel impelled—to amplify your perception and comprehension, and give you its Full Power of Action.* Try it! It would mean very much to you.

O My Precious People, how We love you all! And yet how We see how you might control and govern conditions if you would only take your attention off from the things, people, and conditions of the outer world. When your attention is upon another human being, you are body conscious, and you must be God Conscious if you wish to be quickly successful and Free. When your attention is given to your "Mighty I AM" and you ask It to be sustained, then you are being the Consciousness of your "Mighty I AM," provided you do not go forth and allow your attention to be attracted by the conditions of the outer world, or accept the feelings and conditions about you.

Beloved Ones, I assure you that in your understanding which you have attained today, every one of you can shut out from your world every discord if you will refuse to enter

© 2002 Saint Germain Foundation

into it in thought and discussion. You could quickly shut out every discord, Precious People of the Light, if you would. But you must be determined. Therefore tonight, be so practical! And let Me assert with great—very great firmness, Beloved Students, and pass this everywhere you move. Today one committed suicide because they had not gained their Ascension. In the Name of Goodness, in the Name of Life! such foolishness and fanaticism! Then the brothers of that one, who had hated this Work, wanted to commit murder because that fanatical individual had a false understanding of Life.

Take command of yourselves, Beloved Students! Hold self-control, and do not become fanatical in whatever you do. This Law is the Balance of Life, not fanaticism; and people who take that attitude are foolish. Why, My Dear People, who of you—who of Us shall say when your "Presence" of Life shall give you your Ascension? My Dear Ones, this Law is the greatest Balance there is in Life if mankind will live It as they should.

Therefore, let Me add to this, and listen carefully to these words: Every word of condemnation, criticism, and hatred released by mankind against this Light was the cause of that one who committed suicide today. Do you want to be responsible for that kind of thing? Pass this truth to mankind. Whether they believe it, accept it or not, is not your problem; but pass it to mankind that they may hear it, at least, and give obedience if they will.

I say to you, My Dear, Precious People, you are entering into a gigantic Action of this Law—this Mighty Law of Life—and if you requalify It wrongly, then you are to blame if conditions of destruction take place. I say to you, Beloved Ones, never in the history of this Earth has such magnificent Freedom been handed to mankind

© 2002 Saint Germain Foundation

without a single effort upon their part except to make earnest, sincere Application. Why, My Dear Ones, you study from childhood to manhood and womanhood for a physical, outer education; and then if you have to make earnest Application to Life for a few months, you are all exhausted. Oh! let us be so practical. Because you have come to know your "Mighty I AM Presence," should you expect It to perform some Miracle overnight when you have turned away from It for centuries? Let us look Life square in the face tonight and receive a Balance of Life that we have never thought possible.

In these Beloved Children tonight who have so nobly, magnificently expressed the Great "Presence" of Life, the Beauty and Perfection of the Ascended Masters, may you all see and feel and be youth once again in the Glory of the acceptance of your "Mighty I AM," that It may find no obstruction in your feeling world to pour Its Mighty Currents of Life and Energy forth, and sweep everything before you of discord out of your world; and you move forward in your own mighty Pathway of Light. Such is your privilege.

We love you, every one, Beloved Students of the Light; and We want you to be free quickly. And when We must constantly repeat, as long as you accept discord of the outer world and enter into it, you cannot be Free—Precious People, why will the body of Students throughout America not see this? Why will they yield to the conditions about them when they could be wholly Free? O My Dear Ones, this is not criticism of you. We are not finding fault with your magnificent efforts; but I am only trying to have you see that complete release from the attention upon the discord and falsehood of human creation would so quickly release the Powers of Light to charge your

© 2002 Saint Germain Foundation

body with perfect Health, the Glory of Its Directing Intelligence, and the Victory of the Light carrying you forward everywhere.

Please do not feel unhappy because We continue to remind you of that which would quickly set you Free. May We not do it? Must We stop now? Would you have Us stop now reminding you and prompting you of that which would so quickly bring your Freedom? I am sure you would not wish that.

But We have entered into a great and mighty Release of ever-increasing Activity of the Great Cosmic Light. I remind you tonight how great is the Wisdom of your Beloved Saint Germain when, unbeknown to the Messengers in the outer, He so plans and arranges—for instance, the opening day of your Shrine Class will be another Mighty Cosmic Release. Then again, on Ascension Day, at the close, will be still another; and all who enter into that Class with a Glory and Harmony of their "Mighty I AM Presence" will go forth from that Class Free if they will give that Obedience to Life.

Now the Opportunity is there. We cannot compel you, Beloved Ones; but We offer. Saint Germain has said so many times that if you would give the Obedience that He asks, He could tell you definitely just what would take place; and it would take place. Therefore, We must leave it to you to cooperate with the simple requirements of Life. But it is not a great deal. Life asks so little, O Beloved Ones of the Light, to give you your Freedom. Yet if you do not comply, how can Life give It to you?

I assert with all the firmness of My Being, Beloved Ones of the Light, there is nothing so limiting, so distressing as listening to or entering into false gossip against the Light. Every person who criticizes and condemns this Light will

© 2002 Saint Germain Foundation

fail. I ask you to observe. And when they cry out in agony, We are helpless; for your Saint Germain has said, and He means it, those who have doubted Him will see, when He withdraws His Light—the difference, and will see the great mistake they have made.

Tonight I am speaking in His behalf for you, for your Freedom, that you may enter into this great coming Class and give the Obedience of what He asks, that the Glory of that Radiance released there may not be marred by human gossip. Try it and see! I rejoice, He rejoices, and We all rejoice at the glorious stand that you Beloved Students of the Light have taken here in this Class. May the Glory of Its Eternal Light, Its Glory and Freedom, enter into your feeling world and hold Its Glory and Dominion there forever for each one.

Try to understand tonight how great is Our Love for you, how We never criticize or condemn even your mistakes. We only remind you constantly of the conditions required until you do get the full Force and Feeling of what It is, what It means, and how quick It would release you from all conditions of the Earth. Therefore, feel tonight, My Beloved Ones, all that this means to you, all that Our Love means to you, all that Our Assistance, Our Determination means. Doubt and fear are the two doors through which every being on this Earth must enter into the Doorway of Freedom. The Strength of every person's "Mighty I AM Presence" is sufficient to dissolve and repel all doubt and fears if they would cease to give attention to the conditions of the outer world.

It is so easy to change your attention; and yet many would say to Me, "I have tried and tried." How have you tried? You can look at the Messenger, which is the power of your attention, or you can look at Lotus and change your

 © 2002 Saint Germain Foundation

attention from one to the other, can't you? So can you change your attention as easily from destructive activities of Life to the Perfection of your "Presence"; and when it comes back you can say, "Come back where you belong!" It would soon obey you and forget to go back to the things of the outer world.

It is all so beautiful, so glorious, so wonderful! Remember, or may I remind you of the glory, of the magnificence that is your privilege. Think of it, Beloved Ones of the Light! For ten days or more before the beginning of this great Class, a million people in America are making the Call to Life for the Blessing of you who are in this Classroom. Was ever such a thing known in the world before? You know it was not, and yet you have it! Every Class where the Messengers are has the Call of a million people *for the Perfection of Life to enfold, take Command and hold Dominion of everyone that sits in that Classroom.* Your acceptance in Its Completeness would be all that is required for that Freedom to take Command then and there. Try, O My Dear, Beloved Ones, try, try, try again, until you see before you all human conditions part, and the Victory of the Light takes Command; and you move forward in your own Pathway, your own Stream of Light—the Victory of the Light everywhere as you move forward. Such is your right, such is your authority, such is your privilege today.

May I in closing inform you of some things which Saint Germain has drawn to your attention? You have heard of the many things which have been provided for your Blessing and to the Student Body of America. But there are many other things which He has not mentioned that are being brought forward and set into action for your Blessing, for your Freedom; and for the first time, the full Force of that will

go into action in the atmosphere of the Shrine Auditorium. That is why He has asked for such great Harmony and Peace to be established and maintained there. And each day as you go forth, go forth with rejoicing in your Heart that you have the Perception, the Comprehension, the Acceptance of all that has been said in the Radiance of that room. And may the Glory of It be your Strength, Courage, and Power; and may you feel Its increasing Activity each day until the close. Then you will feel, understand, and be the full Glory of that Light in Its Ever-expanding Power, Its Ever-commanding Presence, Its Ever-supplying Presence, with the Victory and Power of Light from the Treasure House of your own "Mighty I AM Presence." I thank you and bless you forever.

• DECREE •

Dear Ones, will you try this? It is not asking much. Will you read either in the Ascended Master Discourses, *the* Ascended Master Light *or* The "I AM" Discourses, *one chapter a day, first asking:*

> "Beloved Mighty I AM Presence," give me the clear Perception, the clear Comprehension of the underlying Power of these Words! Beloved Saint Germain and Beloved Lady Master Nada! Amplify my Perception and Comprehension, and give me its Full Power of Action!

Try it! It would mean very much to you.

Excerpt from Beloved Saint Germain's Talk to the Group Leaders

New York City, New York • April 22, 1939

Don't let down on your Decrees or Application! I tell you, Beloved Ones, you hardly conceive yet—some of you, I think do—the Power, the need of your Application is the most magnificent thing on this Earth today! No matter how much you have achieved through your Application, oh! please do not feel that you have reached a point where you can just let up. Or if you did not require it for yourself, do you not see, your Application, even if it were for yourself, goes out in your Radiation and blesses those around you. Won't you see that tonight, My Dear Ones?

© 2002 Saint Germain Foundation

And since I am speaking to you as Group Leaders as well as Students, don't you see how every precious one of you becomes a Focus of Mighty Power of Light—of your Presence of Light, of the Ascended Masters and the Cosmic Beings at your point in the Universe. Even if you were just a Student without being Group Leaders, still are you a Focus of Light at your point in the Universe. Do you not see, anything that disturbs you or your feeling is really that greater intensity of Light that goes forth in your environment; and if it be discordant, then you are doing harm instead of good. Do you not see that, Dear Ones? Now notice! I want you to get this so clear tonight because it is so self-evident. You are calling forth a greater Power of Life, are you not, in your attention to the "Presence," accepting that that "Presence" is there. Necessarily, your slightest Call must release a greater intensified quantity of energy through your body, as well as your calling It forth direct from your "Presence." That is a self-evident fact.

If you allow discordant things to disturb your feeling, don't you see, you are doing the same old thing in clothing that greater intensified energy as it goes out; and it acts with greater power and force of discord. That is why the Messengers have urged you so earnestly, please do not let any person, place, condition arouse or disturb you, or some unpleasant feeling, because you are responsible for this greater Stream of Life that is pouring out through you.
